8. **An AISMA office flat (2 BHK) will be purchased in New Delhi.**

The following resolutions were passed unanimously:

1. Scientific approach to Safety Rules and G&SR : Existing Safety rules prescribed in G&SR to be revised with more practical approach which is better understandable. Redundant rules to be eliminated.
2. Paperless and digitalised stations : With computerization of Indian Railways, our core activity area, i.e. Railway stations, should also be provided with computers. With planned digitization, many of the registers can be dispensed with. This will save time as well as space in compact offices.
3. Modification to RRB recruitment pattern : It is noticed that even 50% of Pro ASMs allotted by RRB do not report at division. Therefore, there should be live reserve panels of Pro-ASMs to be appointed for immediate filling of vacancies. This can be achieved by amendment in RRB recruitment rules. Also, it is suggested to hand over direct recruitment powers to zones, i.e. CPOs.

General Body Meeting of NCR Zone, as well as JHS division were commenced and the new Zonal Team of NCR and Divisional Team of Jhansi Division was formed.

Vote of Thanks was delivered by Sh. A.N.Tiwari, the new DS/JHS and assured to bring the Jhansi Division in the Top of the DEC Team.
